confirm that TDC decided not to communicate with the client.” See Document – “Question 6 – Email 21 Apr 2023”. Senjo Security in this document, states the client had made no contact with them (exact from Senjo Security email below)

I have heard nothing to how they are going to turn people away at 200, where these people are going to go once turned away etc, the potential of protests from locals regarding this event is playing on my mind also

7. Provide communication emails etc between TDC and Senjo that show that TDC is concerned at the breach of contract occurred with respect to booking 9042.

There was no breach – the client is to supply security for their event. The Senjo contract does not include the set provision of security for events (unless requested).
