### NOTES TO SUBMITTER:

The closing date for serving submissions on the consent authority is the 20th working day after the date on which public or limited notification is given. If the application is subject to limited notification, the consent authority may adopt an earlier closing date for submissions once the consent authority receives responses from all affected persons.

You must serve a copy of your submission on the applicant as soon as is reasonably practicable after you have served your submission on the consent authority.

If you are a trade competitor, your right to make a submission may be limited by the trade competition provisions in Part 11A of the Resource Management Act 1991.

If you make a request under section 100A of the Resource Management Act 1991, you must do so in writing no later than 5 working days after the close of submissions and you may be liable to meet or contribute to the costs of the hearings commissioner or commissioners. You may not make a request under section 100A of the Resource Management Act 1991 in relation to an application for a coastal permit to carry out an activity that a regional coastal plan describes as a restricted coastal activity.

Please note that your submission (or part of your submission) may be struck out if the authority is satisfied that at least 1 of the following applies to the submission (or part of the submission):

- it is frivolous or vexatious;
- it discloses no reasonable or relevant case;
- it would be an abuse of the hearing process to allow the submission (or the part) to be taken further;
- it contains offensive language;
- it is supported only by material that purports to be independent expert evidence, but has been prepared by a person who is not independent or who does not have sufficient specialised knowledge or skill to give expert advice on the matter.

## Submission

**The specific parts of the application that my submission relates to are:**

The sizes of the sections within the subdivision are well below what TDC have previously agreed upon within the Kinloch area and the council have a responsibility to the rate-paying residents of Kinloch to stand by their original plan and reject this amended proposal. It is excessive and unnecessary.

**My submission is:**

In opposition of the application or specific parts of it

**Please detail the reasons for making your submission:**

The problem the Kinloch residents have is not with the subdivision itself, but is in the way the developer repeatedly (this is not the first time this has happened) makes significant changes to an initial plan, to the detriment of this delightful community. The original plan must be adhered to. Kinloch residents are becoming disillusioned with the "dollar" being given priority while the essence of this special place is being swallowed by the complete disregard for the boundaries already agreed upon and set in place. It is completely unnecessary to increase the sections to 68. It serves absolutely no purpose and does far greater damage to this environment and the people living in it.

Alternatively, please upload document detailing the reasons for making your submission:

**I seek the following decision from the Taupō District Council:**

Refuse the requested increase completely.

**Do you wish to attend the hearing?**

No

**Delegation of functions, powers and duties:**

I request\*, pursuant to section 100A of the Act, that you delegate your functions, powers, and duties to hear and decide the application to 1 or more hearings commissioners who are not members of the local authority (please refer to the Notes to Submitter on Step 1).
